## RIOT FEARED AT ASHTABULA.

The Striking Ore Handlers Threaten Bloodshed Should the Vesselmen Resume Work With Non-Union Men Which They Are Preparing to Do—The Situation Growing Critical.

COLUMBUS, O., June 12.—The situation at the Ashtabula ore docks, where a strike is in progress, is alarming and bloodshed is hourly feared. There is liable to be serious trouble to-day. The vesselmen have decided to put non-union men to work, and the police have been called upon for protection. The strikers declare that they will not allow non-union men to go to work without a conflict. Preparations are being made by both sides for a determined stand.

Col. John W. Gibbons, commanding the Fifth infantry, O. N. G., has written to Adj. Gen. Dill detailing the labor troubles at Ashtabula and asking permission to send enough men into the county to protect property. In his letter he states that the ore handlers at the ore docks at Ashtabula have been on a strike for a month. They number about 800. They had been offered wages on the same scale that has prevailed for fifteen years, but they refused to accept them.

A large portion of the strikers are willing to go to work at the wages offered, but they are prevented by some 200 violent ones and by some outside agitators who have gone to Ashtabula and effected an organization among the strikers. There are plenty of men willing to go to work at less wages than those offered by the dock companies, but the strikers threaten to do violence to persons and property if operations are resumed at the docks.

On Monday some men who tried to go to work were driven away. Col. Gibbons says the fifty men constituting the company in Ashtabula county will not be sufficient to repress the disorder that is bound to arise when another effort is made to set men to work, and he wants authorization to send other companies to Ashtabula when requested by the sheriff. Gen. Dill declines to authorize this and has ordered the colonel to wait until the sheriff calls on the governor for assistance. He has authority to summon the militia of his own county to his aid.

## A Peculiar Accident.

CINCINNATI, June 12.—Fred Apfund, a laborer employed by the gas company, is lying at the hospital in a dangerous condition, the result of a peculiar accident. Apfund, who is an Italian, was at work with a man named James Barber, in a ditch on McMillan street near Simms. They were chipping some pipe. Apfund held the chisel, while Barber wielded the sledge hammer. In making a swinging blow Barber's hammer slipped and struck Apfund on the top of the head, cutting an ugly gash, causing a terrible flow of blood.

## Mysterious Tragedy.

WINNIPEG, Man., June 12.—A mysterious tragedy has just been unearthed near Marquette station. James Tajdell went away from home, leaving his sister-in-law and a young Englishman together. He returned home last night and found the rooms of his house covered with blood. Search being made, the body of his sister-in-law was found in a well, the woman having been first shot to death. The young Englishman is missing and no doubt he is the murderer.

Made More Money Than His Employer.

NEW YORK, June 12.—William H. Forest, bookkeeper in the office of The Churchman, pleaded guilty to forgery yesterday and was sent to the Elmira reformatory. It is thought that the man stole more than \$30,000 from the firm. He admits having taken \$1,000. The stealing has been going on for about eighteen months. The young man probably made more money last year than his employers, though his salary was but \$14 per week.

## Flood Echoes.

ST. LOUIS, June 12.—A dispatch from Gainesville, Tex., says: Near Leon, I. T., thirty miles from here on Red river, the dead bodies of a man, woman and little babe were found in a drift, they having been drowned during the late overflow. The bodies have not been identified. William Lynn, a farmer residing thirty miles north of here on Hickory creek, was drowned in that stream yesterday while trying to ford it.

## Out for a Short Time.

HICKMAN, Ky., June 12.—John Jones, awaiting trial for murder, and Shell Hargroves, for shooting with intent to kill, overpowered the deputy jailer yesterday and escaped jail. The criminals were pursued and, amid a running fire between them and the officer, they gave a long chase before being recaptured. How the prisoners got the fire-arms in their possession is not known.

PITTSBURGH, June 12.—Mrs. Kate Fisher, 37 years of age, wife of Charles Fisher, foreman at the Ripley glass works, Pittsburgh, has just returned from Philadelphia where for eight weeks she has been under treatment for consumption at the German hospital. Both lungs were badly diseased, as she had been suffering with consumption for years. Friends and physicians had abandoned all hope of her recovery. Mrs. Fisher was given, in all, fifteen injections of Koch's lymph, and returned to her family in good health, and it is believed, perfectly cured.

## Requisitions Honored.

COLUMBUS, O., June 12.—The requisition of the governor of Indiana for Charles Minser and George Uptegraff, both colored, was honored yesterday. The former is under arrest in Paulding county and the latter in Mercer county. NEW YORK, June 12.—Joseph Penthan, aged 32, a West Indian negro, yesterday afternoon shot his wife Kate, aged 24, in the right temple, in their apartments at No. 144 West Twenty-sixth street, and immediately afterwards shot himself. ## AT THE CAPITAL.

Commissioner of the World's Fair Hears from Brazil.

## SHE WILL BE REPRESENTED.

All the Resources of That Country Will Be Exhibited at Chicago—An Important Pension Decision—Pardons by the President—Other Dispatches from Washington.

WASHINGTON, June 12.—Capt. Alexander Rodgers, the special commissioner of the world's fair to Brazil, writes from Rio de Janeiro, under date of May 3, announcing that Gen. Mello Rego and Mr. Dracuer have been appointed as commissioners on the part of the Brazilian government to take charge of the work of securing an exhibit of the resources of that country for exhibition at Chicago.

One of these gentlemen will accompany Capt. Rodgers, and the other will go with Lieut. F. E. Sawyer, the commissioner to the Amazon provinces, in their journeys into the interior of the republic. Letters of introduction and instructions from the capital have been forwarded to all the officers of the several states that are to be visited, who will work up things as much as possible before the arrival of the comers in their respective localities.

The Brazilian government has provided Capt. Rodgers and Lieut. Sayers with special free delivery envelopes for their correspondence, and has shown them a great many other attentions.

Capt. Rodgers says: "I am glad to report that there seems to be an earnest desire on the part of the government to do everything in its power to have Brazil well represented in Chicago, and if congress is as liberal in its appropriations as desired they will have a splendid exhibit."

## MARRIAGE AND PENSIONS.

A Decision That Will Interest Many Women in the Country.

WASHINGTON, June 12.—Assistant Secretary Bussey has rendered an important pension decision in the case of the mother of Albert B. Abernathy, late of Company B, Twenty-second Michigan infantry. The record shows that the claimant was pensioned under the old law, but subsequently remarrying, her pension ceased.

During the year 1890 she applied for a pension under the act of June 27, of that year, but the claim was rejected on the ground that, having remarried after the son's death and prior to the filing of her claims, there was no period of time for which she could be pensioned. Assistant Secretary Bussey, however, overrules this action and holds that under the act of June 27, 1890, it is only necessary to show the mother's present dependence, and that the question of her marriage is not material to the case. Her pension will begin at the date of the filing of her claim.

## Will Be Investigated.

WASHINGTON, June 12.—Commissioner Morgan, of the Indiana bureau, said yesterday that the statements in Chicago papers in regard to the conduct of James A. Findlay, a licensed Indian trader at the Pine Ridge agency, had been brought to his attention. LITTLE ROCK, June 12.—The Arkansas river at this point is rising rapidly, and fears of a disastrous flood below here are expressed. The water is already making inroads on plantations. Heavy rains are reported last night up the Arkansas river valley, and this volume of water will, it is feared, cause widespread destruction.

### EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.  
**ROSSER & McCARTHY,**  
Proprietors.

FRIDAY, JUNE 12, 1891.

The Dover News says it has reliable authority "that the Farmers' Alliance of Mason County will put a candidate in the field for Representative." It will be a difficult matter for them to find a better man than Dr. Frazee.

The beautiful operetta "The Three Bears" that is now being performed at Louisville is under the management of Miss Katie Strauss, who is well known in this city. The following notice we copy from the Commercial of that city. "The performance of 'The Three Bears' at Macauley's Theater, under the direction of Miss Katie Strauss and Mr. Fred Dixon, was very successful and enjoyable. The children taking part were thoroughly drilled, and their ingenious acting was delightfully amusing. The young ladies and gentlemen who assumed the leading roles in the drama acquitted themselves very creditably. The spectacular effects of the dances in their gay costumes were agreeable and artistic, and the dances themselves elicited much and hearty applause. The audience was large, and great interest was manifested."

The operetta may be given in this city at an early day.

#### River News.

The river is falling at this point.

Most of the Pittsburg coal fleet passed down yesterday.

The Vanmeter is running between Manchester and Portsmouth.

Due up: Telegraph for Pomeroy and Scotia for Pittsburg at midnight. Down: Hudson and Chancellor this evening and Bonanza to-night.

The Lizzie Bay since being refitted with larger cylinders and having her hull lengthened, has been enabled to increase speed two miles an hour.

#### Pioneer Sarsaparilla.

Priceless, peerless, pure and perfect. The greatest blood purifier of the age. The cheapest treatment on earth, combining economy and virtue. Only fifty cents per bottle. For sale by Power & Reynolds.

#### THE CONTRACT CLOSED.

Messrs. Wormald & Carpenter Will Erect the New M. E. Church, South.

The contract for the new M. E. Church, South, was closed yesterday.

It was awarded to Messrs. Jacob Wormald and Joseph Carpenter, and they will commence the work of tearing down and removing the old building next Monday.

The plans and specifications for the new structure were prepared by Crapsey & Brown, Cincinnati architects, and a detailed statement of what these plans call for was given in the BULLETIN not long ago.

The front of the church will be built of freestone, with Bedford (Ind.) stone for trimmings. The interior will be finished with quartered oak.

Messrs. Wormald & Carpenter's bid was \$13,165, just \$16 less than what Messrs. Crapsey & Brown estimated the building would cost when they completed the plans and specifications. This was pretty close figuring and speaks well for both the architects and the successful bidders. It more often happens that the contract figures exceed the architects' estimates by a large amount.

Thus it is at last definitely settled that another of Maysville's old landmarks will soon disappear and be replaced by one of the most beautiful and most conveniently arranged churches in the State.

#### Barkley's Spot Cash Shoe Store.

It is not necessary to call attention to Barkley's big advertisement to-day. You can not fail to see it, but your attention is called to the figures he names. Look at the low prices he advertises on ladies' gent's, boys', misses' and children's shoes. Study these prices, and then take advantage of the opportunity to secure your summer footwear at such low figures.

#### To Dispel Colds.

Headaches and fevers, to cleanse the system effectually, yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual consumption, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

In the language of our friend Dittoe of the State Journal, "Kentucky" ahead again." The two principal honors at West Point this year were awarded Kentucky students.

#### RETSEOF MINING SALT CRMPANY'S

## ROCK LUMP SALT FOR CATTLE

TO FARMERS, STOCK-RAISERS AND OTHERS:  
It is not generally known that the use of common loose salt for cattle, horses, sheep and hogs, is injurious to them, but such, however, is the fact. Their nature requires only so much salt as will be absorbed by the saliva. By the ordinary method of salting, more or less of the loose salt is carried undissolved into the stomach, causing irritation to the membranes and coating. In many well authenticated instances the death of sheep, and attacks of colic and other difficulties in horses and cows have been traced to this cause. It is very desirable, therefore, that some method of salting stock be employed. The most suitable form of salt for this purpose is furnished by nature in the Rock or Mineral Salt, and the best possible method of supplying it to stock is to place lumps of it in the mangers and other places where it can be easily reached when required by them. It goes four times as far as common salt, and is cheaper at any reasonable price. Any stock will do 20 per cent. better by using our Rock Salt. They do not have that terrible thirsting for water caused by using common salt, which contains large quantities of lime and magnesia, our salt being the only salt known free from these impurities.

# THAT CONFERENCE.

Some Comments of the Press on the Recent Meeting, at Lexington,

Of the Opponents of the New Constitution—Who Were There.

On Tuesday, June 9th, the Louisville Times, in its exuberance, announced that "there will be a big and representative gathering of Kentuckians at the opera house at Lexington to-morrow at noon. That is the hour set for the assembling of the new Constitution, and which will result in open and organized opposition to the ratification of the proposed new instrument."

And then the Times went on to outline in a general way the various classes who would be represented at the conference. Farmers, anti-corporationists, and property owners everywhere would be there. The bankers and their stockholders, too, would be on hand, because "they have learned that they are to pay an increased tax" under the new Constitution, according to the Times. In fact, all the interests and various sections of the State would be represented. The Times closed by announcing that a large majority of Lexington's citizens "oppose the ratification of the proposed and so-called organic law," and would entertain all delegates to the conference.

Judging from the account of the conference in yesterday's issue of the Courier-Journal the meeting was a big affair. That paper announced that five or six hundred people were present, and it devoted over a page to the proceedings. Other papers, however, differ widely from the C.-J. Some even go so far as to pronounce the conference a fizzle.

The Lexington Press says: "The conference was not a large one. Many were present who will really vote for the Constitution. It was, however, representative body—of corporations. There was only a small amount of enthusiasm, for even those who oppose the Constitution most bitterly recognized the fact that the call of the Courier-Journal had been anything but warmly responded to, and if the number present represented the opposition, then the Constitution would be ratified by many thousands majority. A number of prominent men from over the State were present, but as all were placed on some committee or other their names will be found among the lists of the committees."

The Press, in an editorial, says: "Why was Lexington chosen as the place for holding this conference?"

"Why was not Louisville or Frankfort selected instead of Lexington? Whenever a State convention is held both places are zealous in their efforts to get it. Why were they not equally concerned this time?"

"Because there were afraid. This anti-movement had its birthplace and its home in Louisville. If the conference had been called there, it would have given color to the charges made all over the State that the fight against the Constitution was not being made by the people, but by the great corporations of that city, and that was the danger which the opponents to the new instrument wished to avoid.

"For equally unselfish reasons was Frankfort willing to surrender in favor of Lexington. Her people, headed by Stoddard Johnson, feared they would make enemies among the friends of the Constitution were the conference held there. They did not wish to imperil their chances in the coming capital location fight.

"Therefore was Lexington selected." So much for the conference and the object in holding it at Lexington. Now a few words as to who were there. We will let the Lexington Transcript answer. The Transcript was on hand, and we were not. Here are some of its notes, personal and otherwise, of the meeting:

"Banker Stone Walker looked as happy as a big sunflower.

"Banker Wm. T. Tevis, of Richmond, made several important motions.

"Judge M. D. Brown, of Hopkinsville, sported the finest diamond of any other corporation magnate present.

"Judge Rodney Haggard, the noted corporation lawyer of Winchester, laughed long and loud.

"Banker A. T. Chenault, of Madison, came in on the early train and worked hard from start to finish.

"The 'Banker's Daughter' was not present, but there were two colored gem-in in the dress circle.

"The Transcript will see to it that Lexington was not responsible for the 'monstrous monstrosity.'

"Judge 'Taboo' Ward referred to the wealth and capital of the grand old Commonwealth very frequently.

"Poor white trash and farmers were not in it. It seems to have been a rich man's quarrel and a poor man's fight.

"Bankers, bankers, bankers, lawyers,

railroad lawyers and corporation lawyers were here in all their glory.

"Judge Savage, of Ashland, was all smiles. The Judge is an able lawyer and his services are in demand all the time.

"Banker Bob Crigler, of Covington, was the finest looking man in the crowd. He spoke fluently against the great fraud.

"Banker W. B. Winslow, of Harriman, Tenn., was present. He seemed to be afraid that the new Constitution would deaden over the line.

"Ben Lee Hardin, of Harrodsburg, and Harry Turner, of Richmond, both leading railroad lawyers and bankers, were very active workers.

"The speakers confined their remarks to generic terms. The address was on the same order. They all denounced the new Constitution on general principles.

"John Quincy Adams Ward, better known as 'Taboo' Ward, was elected Chairman. His speech was short and disconnected. He even failed to mention the corporation he represented.

"Louisville drummers had a picnic Wednesday. Some of them came up on passes and did not attend the 'monstrous abortion.'

"Colonel J. Stoddard Johnson pronounced the new Constitution a 'monstrous monstrosity.' John S. Rhea called it 'a new gospel by one hundred wise men.'

"'Taboo' Ward should have advised with some of his associates before unloading his rusty musket. Will he deny the charge that a great many delegates came to Lexington on passes?"

"J. W. Abbott and E. C. German, of the Falls City Lithographing Company, Geo. H. Specht, of M. I. Sowle Manufacturing Company, and John J. Wilson, attorney, of Louisville, took advantage of the free excursion and came up to see the 'monstrous abortion.'

"Barring a few newspaper reporters, the meeting was composed of bankers, bank and railroad attorneys. They met for the purpose of protecting 'the poor, ignorant, hard-working farmer.'

THE Knights of Pythias of Harrodsburg instituted a division of the Uniform Rank this week, with thirty-one members.

JOHN GREEN, colored, was taken before 'Squire Jacob Miller this morning by Captain Heflin on a charge of petit larceny. He waived examination and was committed to jail in default of \$100 bail. Crawford, \$12 per month from August 9, '90; Rosetta Fox, \$18 per month from July 26, '90, and Jefferson Williams, \$8 per month from July 26, '90.

THE Cincinnati Enquirer says: "Suit was entered in the United States Court Wednesday by the Farmers' Tobacco Warehouse Company of Kentucky against John E. Kirkpatrick, Ripley National Bank et al. to recover \$4,869.19, which, with costs, was, it is alleged, recovered last November, upon a note given by said parties to the order of the complainant. Kirkpatrick, it is alleged, transferred certain real estate to his wife for the purpose of defrauding the complainant. The Ripley National Bank has property and credits of Kirkpatrick, hence the suit against that concern."

### ANOTHER INSURRECTION.

Leaders of the Movement Preparing to Seize the Queen and Hold Her Until She Signs a Modification of the Constitution by Which the Natives Are to Be Accorded More Power—No Rain in Hawaii for Seven Months—Heavy Fire Loss to the Standard Oil Company.

SAN FRANCISCO, June 12.—According to advices received from Honolulu by the steamer Mariposa yesterday, there is talk of another insurrection there. Bush and Wilcox, the leaders of the last revolution, are said to be at the head of the present movement. The queen is making a circuit of the islands in a small steam yacht, and the conspirators' plan is reported to be to meet the queen in a tug and hold her till she signs a modification of the constitution by which the natives are to be accorded more power. The Advertiser, the people's paper, says that the revolution is coming, while The Bulletin, the government organ, denies it.

No Rain for Seven Months. Drouth still continues in Hawaii. No rain has fallen for seven months.

Heavy Fire Loss. The loss by the burning of the government kerosene ware house amounts to \$130,000, all of which falls upon the Standard Oil company.

### A FOUL MURDER.

A Hungarian Shot at Cleveland and a Revolver Left Close By.

CLEVELAND, June 12.—The dead body of Louis Cadar, a Hungarian, was found in a vacant lot near Chadwick street, shortly before 5 o'clock Thursday morning. A St. Bernard dog first discovered the body and returning to its master made known to him that it had found something which it wished him to see. The owner of the dog, who lives on Kinsman street, suspected that something unusual had happened in the vicinity, and willingly followed the intelligent animal to the lot where he found the body of a man lying face downward in a pool of water. His chest was covered with blood and there was a bullet wound through his heart. About twenty-five feet distant lying on the grass was a revolver. The body had evidently lain on the spot all night. It is believed to be a murder.

Cared for by Secret Societies.

INDIANAPOLIS, June 12.—Officer Moore, of the Union station force, was passing through the station at a late hour Wednesday night when he was accosted by a neatly dressed lady with the query: "Lord, what will thou have me to do?" The officer perceived that the questioner was either ill or crazy and he replied that he would have her enter the sitting room and be quiet. Without a word she did as directed. The officer then sought out the conductor of the Big Four train and learned that the lady boarded the train at Cincinnati and that she had a ticket to St. Louis and had acted in a very strange manner during the trip to this city. Dr. Fletcher was called and she was taken to his sanitarium. Yesterday afternoon she was more rational and said that she is the wife of J. R. Smith, a traveling man of St. Louis, her husband being a prominent Knight of Pythias and she a member of the Daughters of Rebekah. She is being looked after by fraternity friends.

Contract Jumper Expelled from the Elks.

COLUMBUS, O., June 12.—At a special meeting of the Elks here last night, Charles Reilly, the ball player, who jumped his contract with the Columbus club, was expelled from membership. At a previous meeting of that order, Messrs. Lazarus and Born, members of the base ball company, preferred charges against the third baseman, which were investigated with the above result. Reilly, hearing that the Elks were thinking seriously of dropping him, telegraphed Mayor Karb, who is an Elk, also a base ball patron, saying that he would rather come back to Columbus than forfeit his membership in the lodge. The only reply sent to Reilly was the notice of his expulsion.

Leaving a Path of Ruins.

BOSTON, June 12.—Instead of an abatement in the forest fires which are devastating the northern section of the province, says a St. John, N. B., special to The Evening Herald, the efforts of settlers to stay the march of the flames seem to be fruitless. It looks now, unless rain should come and at once, as if the fire would only cease after having consumed all the combustible material within reach. Houses, outbuildings and forests have been swept out of sight, leaving a path of ruin.

Man and Horses Killed.

NEWARK, O., June 12.—At 6 o'clock yesterday Noah Van Horn, aged 60, and driver for Fink & Lisey, commission merchants, was caught on the Church street railroad crossing by a Baltimore and Ohio train, and Van Horn and both the horses were instantly killed.

Earthquakes in Northern Italy.

ROME, June 12.—Northern Italy was visited yesterday by more earthquake disturbances. At Verona, Tregnago and Badia Cavaleda the earth shook repeatedly throughout the day, and many houses were damaged and the inhabitants panic-stricken.

Crushed in a Mine.

AKRON, O., June 12.—While Richard Thomas was examining a fall of shale in a coal mine near Tallmadge, this county, a boulder weighing 1,000 pounds, fell from a height of seventy-five feet, killing him instantly. He leaves a wife and two children.

Quarrelled in a Saloon.

BIRMINGHAM, Ala., June 12.—At Selma, last night, McConnell Shelly, son of ex-Congressman Shelly, was shot and fatally injured by a saloon keeper named S. P. Burch during a quarrel in the latter's saloon.

## AT ST. ANTHONY'S SHRINE.

Thousands of Invalids Expecting to Be Healed by Faith.

PITTSBURG, June 12.—The truly remarkable cures of all ailments that flesh is heir to, effected by the Rev. Father Mollinger at the Shrine of St. Anthony, on Troy Hill, Allegheny, is attracting attention throughout the country. Over 1,000 invalids from various parts of the country have arrived in this city since Monday, and they are coming by every train.

Several of the number, whose ailments were apparently beyond all human power to relieve have already been restored to health or greatly relieved. Yesterday Father Mollinger was obliged to move from the sacristy of the little church to the more commodious school building adjoining. At one time over 2,000 patients were awaiting their turn to receive the venerable Father's blessings and whatever remedies he should apply.

Next Saturday is St. Anthony's day and preparations are in progress for the accommodation of the thousands who will be present on the day in which the priests' power to heal is said to be extraordinarily great, because St. Anthony is the saint from whom he derives that power.

Yesterday two blind boys, born blind, aged 18 and 16, led by their mother and sister, sons of Mr. Culbertson, a wealthy farmer near Halifax, N. S., arrived from the Norton blind asylum at Halifax. Yesterday evening a large number of individuals, residents of Nashville, Tenn., arrived, accompanied by friends, and hastened to Troy Hill.

The scenes in and about the church are remarkable and at least some of the cures effected are little short of miracles.

It was discovered yesterday that Adolph Hepp, Father Mollinger's amanuensis and interpreter, together with his brothers, Frank and John, and Jacob Hock, have for several days been extorting fees from the afflicted, representing that they had great influence with the priest. One of the Hepp brothers said by this plan they secured several hundred dollars a week.

Father Mollinger makes no charge whatever for his services. His attention has been directed to the scandal caused by the actions of these young men, and it will be stopped and the participants made to suffer.

It is stated that Father Mollinger has been summoned to Rome by the pope. He leaves on Monday next. The purpose of the special call is not known, but the knowledge of his going has created consternation among his many patients.

### BUILDING BLOWN UP.

Dynamite Resorted to to Get Even for Loss of Property.

AVON, Mass., June 12.—A small building owned by the town and occupied by Italian laborers on the water works was burned yesterday with many valuable tools owned by the town. During the fire Marcus M. Porter, a well known citizen publicly declared he had purposely blown up the building with dynamite. He was arrested and taken to Stoughton for arraignment.

Mr. Porter was known to have entertained a grudge against the town, and also to have suffered from temporary aberration of the mind. He owned the spring from which the town's water supply is taken, and the property adjoining, and he has never been satisfied with the compensation awarded him. Before firing the building he removed the effects of the Italians, but not the town's property. The affair has created a great sensation.

### The Elliott Murder Trial.

COLUMBUS, O., June 12.—The testimony in the Elliott trial, showing that the defendant and his brother fired the first three shots on the day of the Osborne murder, is accumulating. The whole evidence tends so far in that direction, and a large number of witnesses are yet to be examined on this point. The defense yesterday issued subpoenas for about one hundred witnesses, among whom are ex-Governor Foraker, of Cincinnati; Maj. William McKinley, of Canton, O.; ex-Lieutenant Governor Warrick, of Massillon, Judge Nash and others prominent in the political and social world. These have been called to testify to the character of the defendant.

Judge Pugh has decided to allow Patsy J. Elliott to remain in the court room during the examination of witnesses as to what took place in the hat store, but he will be excluded at all other times. He also admonished the attorneys against consuming too much time in the examination of witnesses. From this on only questions having a purpose to them will be allowed to be asked, and all impertinent or interrogatories about immaterial facts will be shut out.

### Eaten by Hogs.

MACOMB, Ill., June 12.—A horror was unearthed here Wednesday. Mrs. Martha Wayland, aged 80 disappeared from her home early Tuesday morning. That evening her grand-son went into a pasture, and there discovered a drove of hogs fighting over some object. An investigation showed that the brutes were feasting on the woman's body. Assistance was called, and the men were compelled to beat the hogs away from the corpse with clubs. The brutes fought the men like wild cats. The body presented a horrible appearance.

### A Game Rooster.

ENGLISH, Ind., June 12.—Henry McDermott, a farmer, near this place, owns a rooster of the "Irish game" breed, which killed seven geese, eleven turkeys and two game-cocks in one day. He fought the geese collectively and also the turkeys. McDermott owns a sow that was caught killing barnyard fowls and was consigned to the pen. The game-cock was thrown into the same pen as a penalty for his misdeeds, but in a few minutes he had hopelessly blinded the hog in both eyes and was master of the situation.

### Had Spurious Money.

CINCINNATI, June 12.—William H. Soble is under arrest here, charged with "having in his possession or offering for sale spurious or fictitious banking notes" on the bank of Prince Edward Island, supposed to have been stolen.

## OUR NEIGHBORS.

### SARDIS.

Children's Day was observed here last Sunday (June 7) by the M. E. Church. The programme of "Pearl Gatherers" was interesting and instructive. The house was beautifully decorated with evergreens, flowers, and singing birds. The congregation was large. The parts were well committed. The organist, Miss Cora Bratton, played a voluntary while the entire school, headed by the "Pearl Gatherers," each of whom carried a banner, marched into the church and found their respective places. "Hail the Glad Season" was sung, and prayer was offered by the pastor. There was some responsive reading by the leader and the school, after which Miss Lillie Dye made the "Introductory Address." Miss Alice Bratton represented the Pearl of Righteousness, Mr. Clarence Gifford that of Education and Miss Lillie Dye that of Love. Each speaker carried a banner on which was inscribed the pearl they represented. After reciting their part they took their stand in the background. Then followed the hymn, "O, Matchless Love." The banner of Industry was borne by Mr. Thos. Bratton, that of Gentleness by Miss Phoebe Bratton and that of Innocence by Miss Ethel Grover. "Innocence" was accompanied by the infant class who sang "Growing Up for Jesus," and repeated a number of verses about "Jesus and the Children." "The Story of Eden," "The Child and the Serpent" and "The Two Pictures." The part of the infant class was very impressive. Mr. Charlie Tomlin represented the Pearl of Obedience, and Mr. Ollie Farmer that of Nazareth. Then Miss Carrie Dye, who had the part of Religion, was crowned by the Pearl Gatherers of Nazareth. After this the entire group of "Pearl Gatherers" knelt about the chancel sang "Tis Religion That Can Give." This was intensely solemn. Then came the dialogue, "The Board of Education and Its Work," by Miss Ollie Farmer, and Miss Lydia Tomlin. The collection was \$5.04. The general opinion here is that Children's Day was never better or more pleasantly observed.

### Whooping Cough.

"We have had an epidemic of whooping cough here, says A. B. Pope, Stewart, Tenn., and Chamberlain's Cough Remedy has been the only medicine that has done any good." There is no danger from whooping cough, when the remedy is freely given. It completely controls the disease. Fifty cent bottles for sale by Power & Reynolds.

### Cincinnati Tobacco Market.

(Wednesday.)  
The offerings were heavy, more so than on any day during the past six weeks. There was a firm, active market for all grades prices, proving satisfactory and rejections comparatively light. Good and fine leaf shows the same spirited demand and is taken readily at full quotations. There is an active demand for medium leaf and color trash and lugs, which are selling at full figures. A good demand was shown for common trash and lugs, and they are selling well, while nondescripts show no change and prices are low.  
The Bodman Warehouse sold 71 hds ranging from \$15 to \$29.50, among which were 6 hds (old) sold to Messrs. J. M. & Co., selling at \$21.50 to \$29.50, averaging \$26.30, and Messrs. J. A. Seabee & Co., 4 hds (new), from \$16.75 to \$25.25, averaging \$21.20.  
Of the 872 hds, 140 sold from \$1 to \$3.95, 203 from \$4 to \$5.95, 122 from \$6 to \$7.95, 73 from \$8 to \$9.50, 140 from \$10 to \$14.75, 140 from \$15 to \$19.50, 49 from \$20 to \$24.50, and 5 from \$25.25 to \$29.50.
